Section 2 - Your views on Tranquillity:

6. What comes to mind when you hear the word ‘tranquillity’?

7.a With reference to the map attached and within the case study area highlighted in the blue rectangle, indicate on the map with a circle \( \bigcirc \) the area you believe to be most tranquil?

7.b Why do you consider this area to be the most tranquil?

7.c From the list below, please tick those features which you consider make an area more tranquil.

- ‘Features that are in keeping with the Purbeck Landscape’ e.g. nature, villages, open space, cultural heritage
- Few people around: especially in the countryside
- Large open spaces (sea and landscape views)
- Being able to see the coastline and hearing the sound of the sea
- Natural environment and natural sounds
- Other

8.a With reference to the map attached and within the case study area highlighted in the blue rectangle, indicate on the map with a square \( \Box \) the area you believe to be least tranquil?

8.b Why do you consider this area to be least tranquil?

8.c From the list below, please tick those features which least represent your idea of tranquillity.

- Man-made infrastructure and built up areas e.g. industrial sites, pylons, mobile phone masts, major roads, ferries, planes
- Seaside noise: people, loud music, cars, jet skis and power boats
- Holiday season and a feeling of being overcrowded: amount of people, cars, traffic jams
- Litter and fly tipping
- Noise pollution: man-made
- Other

Please do not delay in returning the completed questionnaire in the pre-paid envelope provided by the 22 June 2014. Your response by this date is important if your views are to be considered in the overall results.

Sincerest thanks once again for your support in this research project.
