CodebookforStudentEvaluatingQMEembeddingSocsci.doc / .pdf

(contains notes on the selection of cases, purpose and coverage of the survey, variable and value labels, a questionnaire form, data dictionary for surveys, description of the methods used, Consent forms and participant information sheets.

Readme.txt (this file)

1. Purpose and coverage of the survey

The ESRC funded two projects, as shown, which enabled us to create this data set. The other materials produced during these projects are found at URL <http://www.socialsciences.manchester.ac.uk/research/research-centres-and-networks/essted//>, accessed Dec. 2015.

2012-2015 Economic and Social Research Council (ESRC), Researcher Development Initiative, “Patterns in Politics & Society: Promoting the Enrichment of Undergraduate Teaching with Quantitative Methods”, Co-PIs: Dr Wendy Olsen, Dr Mark Brown, Dr Brian Heaphy, Professor Tarani Chandola, Professor Ian Plewis, Dr Jackie Carter, GBP 80K funded by ESRC, £100K FEC. Grant Number ES/J011665/1.

2012-2015 Economic and Social Research Council (ESRC), “Teaching quantitative methods in disciplinary context: integrating quantitative method and evidence into the Social Science undergraduate curriculum”, Co-PIs: Dr Wendy Olsen, Dr Mark Brown, Dr Brian Heaphy, Professor Tarani Chandola, Professor Ian Plewis, Dr Jackie Carter, 80K funded by ESRC, £100K FEC, Grant Number ES/J011622/1.

The remaining files submitted comprise the SPSS data files for a survey completed by students at the University of Manchester. The survey was done anonymously.
