

Participant Consent Form

Lean Research for Task Shifting: Barriers and Facilitators of Implementation Research in LMICs

Researcher contact: Madeleine Ballard (madeleine.ballard@spi.ox.ac.uk)

This agreement is made in regard to the recorded interview(s) that took place on (date):

Declaration:

I, the interviewee, confirm that

- I have read and understood the Participant Information Sheet.
- I have had the opportunity to ask any questions about the study and have received satisfactory answers or the additional information I requested.
- I understand that I may withdraw from the study at any time, and will not be asked for reasons of withdrawal.
- I understand that this study has been reviewed and approved by the University of Oxford's Central University Research Ethics Committee.
- I understand how my interview will be stored, who will have access to my interview, and what will happen to my interview at the end of this study.
- I understand that the research will be written up as a doctoral thesis and how personal data from this research will be published and archived.
- I understand how to raise any concerns or complaints about this study.
- I understand that sensitive personal data may be collected during this interview. This may include information relating to race or ethnic origin, political opinions, religious beliefs, physical/mental health, trade union membership, sexual life or criminal activities.
- I understand that in this project and all future works using this interview, all personal and sensitive data will be anonymised.
- I consent to participate in this study and recording, and hereby assign to the researcher all copyright in my contribution for use in all work stemming from this project and future projects
- I would be willing for you to contact me again for future research.

If you do not wish to assign your copyright to the researcher or wish to limit public access to your contribution, please state these conditions here:
