

This archive contains files containing data and analysis from

Project ES/M002306/1

Evidence and the Politics of Participation in Academic-INGO Research Partnerships for International Development.

The following files have been archived:

File name	Description
RRP case study table.pdf	This table provides a comparative overview of the seven case studies according to: i) the 'lead organisation' (i.e. budget holder and/or primary application); ii) additional partners involved (besides the leading UK-based HEI and INGO); iii) type of funding (indication of level/duration of funding and nature of the funder); iv) level/scale of partnership (indication of formality of the partnership, involvement of individuals/institutions, duration and intensity of collaboration);v) disciplinary/thematic focus (key disciplines/thematic areas of the research); vi) research approaches (main methodological approaches used in each case study)
RRP_Context-settingReport.pdf	Workshop report summarises the sessions and outputs from the 'context setting' workshop held in February 2015
RRP_Ways-of-WorkingSeminarReport.pdf	Workshop report summarises the discussions and outputs from the 'ways of working' workshop held in February 2015 (including conceptual and methodological framings, agreed code of conduct and structure of the 4 core seminars)
RRP_EstablishingSustainingPartnershipsReport.pdf	Seminar Report #1 summarises the presentation and analysis of case study #1, presents the participatory tools of analysis and discusses the implications for the iterative framework and broader seminar series
RRP_Designing_ResearchReport.pdf	Seminar Report #2 summarises the presentation and analysis of

	case studies #2 and #3, presents the participatory tools of analysis and discusses the implications for the iterative framework and broader seminar series
RRP_ImplementingResearchReport.pdf	Seminar Report #3 summarises the presentation and analysis of case studies #4 and #5, presents the participatory tools of analysis and discusses the implications for the iterative framework and broader seminar series
RRP_Communicating_ResearchReport.pdf	Seminar Report #4 summarises the presentation and analysis of case studies #6 and #7, presents the participatory tools of analysis and discusses the implications for the iterative framework and broader seminar series
RRP_InternationalConferenceReport.pdf	Conference report ('Producing Evidence for Development in Brexit Britain') summarises the approach, sessions, discussions and outputs of the high-level international conference which concluded the seminar series.
