

26 October 2018

Letter of Invitation: LIDC Migration Leadership Team Roundtable Event, 5 November 2018, London, United Kingdom

Dear

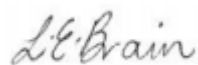

The London International Development Centre (LIDC) Migration Leadership Team is pleased to invite you to attend a roundtable event to be held on 5 November 2018 in London. The event is one of a series of Global Migration Conversations that will take place in locations including Nairobi, Delhi, Washington, London and Brussels in 2018 and 2019. It follows the first Conversation held in Delhi in May 2018.

The Conversation will bring together researchers, policy-makers, practitioners, migrants associations and arts organisations in the region to identify areas of research to prioritize, pathways to impact that have been, or are likely to be, promising, and platforms for communication and collaboration that are likely to help bridge research, policy, and public engagement.

Findings from the workshops will feed directly into a range of outputs including a web-based tool and a report identifying areas of research to priorities; pathways to impact that have been, or are likely to be, promising; and platforms for communication and collaboration that are likely to help bridge research, policy, and public engagement. Please find attached a 1-page concept document with more information. A programme will follow shortly.

Any queries relating to this invitation should be directed to Louisa Brain, the LIDC Migration Leadership Team Project Coordinator, via email address: louisa.brain@soas.ac.uk. Your attendance at the event will be fully funded.

Yours sincerely

Louisa Brain

Project Coordinator, London International Development Centre Migration Leadership Team
