

## Research Repository Consent Form - Interviews

Title of the Project: What is the feasibility of prescribing community gardening to reduce loneliness and improve wellbeing in individuals with mental health problems?

Research Team: Dr Carly Wood, Dr Jo Barton, Dr Marie Polley

You previously took part in a one-to-one interview for the above-named project. Following completion of the data analysis and in line with the publication of the research findings, we would like your permission to publish your fully anonymised data in a suitable research repository. This will ensure that the data is available for future research and learning activities by others. Please complete the box below to indicate whether you give consent for this data to be published in the research repository.

I, the undersigned, confirm that I give permission for the fully anonymised data that I provided in the interview to be deposited in a suitable Research Data Repository.
