### **Sustainable, Healthy and Learning Cities and Neighbourhoods (SHLC) Neighbourhood Survey: Consent Form**

I confirm that I have read and understood the Information Sheet for this study and have had the opportunity to ask questions.

I acknowledge that my participation is voluntary and that I am free to stop taking part in the survey at any point, without giving a reason.

I acknowledge that my name and address will not be retained or entered into any data base, and that I will not be recognisable in any reports that are written about the survey, and that my participation in the survey will be kept confidential.

I understand that confidentiality will be maintained as far as it is possible, unless during the conversation the interviewer becomes worried that someone might be in danger of harm, so that he or she might have to inform relevant agencies.

I acknowledge that the answers I give will be put into a database which will be kept securely until 2032. I understand that the database will also be used by other accredited researchers who will preserve the confidentiality of the information.

I understand that the data will be used to write reports and other publications which will appear in print and on the internet.
