

Digital Stories Feedback Form

Thank you for creating your wonderful Digital Stories about how you feel at school. Each one is unique and equally brilliant and insightful. We hope you have enjoyed the project. We would now like to get your views on the project, what was good/what did you enjoy, and what can we improve for the future?

9 Questions

START →

You can use this form to tell us your views about the Digital Stories project, it will take between 5 and 10 minutes to complete and we will use your responses to improve the project for future schools. We may also use your responses in our writing about the project and on our website.

You can choose whether to answer the questions, or if you would like to skip some questions, that is also fine.

- We won't ask your name, so we won't know who out of the group has responded
- We would like you to tell us the good parts and the not so good parts, feel free to be honest so we can improve things in the future

To start the form, please click 'Next'.

What have been the best parts of the Digital Stories project and why?

You can write single words or you can go into more detail if you would like. E.g., you might have like getting together as a group, or you might have enjoyed using the equipment because you got to learn new skills.

What parts of the Digital Stories project did you not enjoy so much?

You can write single words or you can go into more detail if you would like. E.g., you might have not enjoyed the filming because it was difficult to film at school, or you might have not like working on your video in a group if you didn't want others to see what you had recorded.
