

New school transitions
Parent/carers feedback

Via Microsoft Form or online interview - info to be sent to parents from the school. Parents have already consented to be contacted for follow-up feedback.

Dear parent / carer

Thank you very much for supporting your child's participation in the 'Our Stories' project and for agreeing that we could contact you.

This project involved:

- The children making short videos about themselves (which we call '**I am...**' **Stories**) that we have now shared with you as part of your child's move to [name of site / school]
- We also created a '**Who we are..**' video with the staff to show your child what their new school building was like.

We'd like to ask you five questions about the videos that you saw:

1. What did you think about the 'I am...' video that your child was involved in making about themselves? [for example, did you like it? Did you feel that we got to know important information about them?]
2. What did you think about the 'Who we are...' video about the site? [for example, was it useful for you / your child to be able to see the building and staff like this?]
3. What are your thoughts about using this kind of approach for supporting children's move to a new school?
4. From your point of view, how would we know if these video tools for supporting transitions are successful?
5. Is there anything else you'd like to feedback?

Thank you very much for your time
