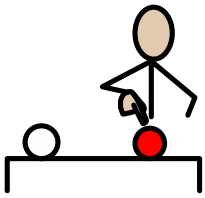
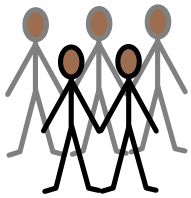
I am _____



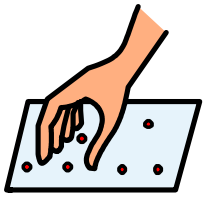
This is my story.

I have been at Springwell School for a long time. In September I will be moving to a new school. I am moving because I am 11 years old and children that are 11 years old go to Secondary School. It is important that the adults in my new school know all about me. A good way for them to learn about me is for me to create a film about me and the things that are important to me. This will be my story. I am going to think about what I want in my film and then I will help to film my story. Adults who know me will also help me think about what needs to be in my story. Here are some ideas of what I can put in my film.

My favourite places

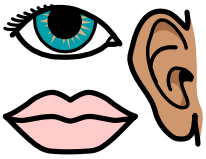


My favourite people



If I chould choose...

My favourite things



My communication

I need help with

I am good at

Anything else?
