Project title: The Knowledge Exchange Healthy Relationships Project

The following files have been archived:

File name	File description (Short description of content, sample size, format, any linking between different types of data, i.e. survey and interviews/focus groups)
Healthy_Relationships_Sample_1_Transcripts	Zipped folder containing 48 PDFs of individual interview transcripts from 24 married couples interviewed at 15 years after they married. (This is a longitudinal study, and this is the 5th wave of data collection. The last wave updated collection was 2017.) N.B. The full sample comprised 33 couples but only 24 agreed to the deposit of their data in the UK data archive.
Healthy_Relationships_Sample_2_Transcripts	Zipped folder containing 20 PDFs of individual interviews from 10 couples (married, civil partnered or cohabiting; opposite sex and same sex) interviewed at 15 years after they married. (This is a longitudinal study, and this is the 2 nd wave of data collection. The last wave updated collection was 2017.) N.B. The full sample comprised 10 couples all of whom agreed to the deposit of their data in the UK data archive.
Healthy_Relationships_Info_Sheet_Consent_Form_Interview_Schedule	Zipped folder containing PDFs of the following: <ul style="list-style-type: none"> • Healthy_Relationships_Participant_Information_Sheet_Couple_sample_1_final • Healthy_Relationships_Participant_Information_Sheet_Couple_sample_2_final • Healthy_Relationships_Project_Consent_Form_final • Healthy_Relationships_Interview_schedule_final <p>NB – The consent form and interview schedule are common to both samples.</p>
Uk_data_archive_data_listing_template_The_Knowledge_Exchange_Healthy_Relationships_Project	Excel spreadsheet listing the 68 interviews from the two couple samples. The spreadsheet includes participants' demographic information (age, gender, and marital status), and methodological information (how and when the interviews took place and the topics covered in the interview).
Data_collection_methods_and_context	PDF setting out the terms of the data deposit, describing the data and outlining the methodology.
