

Confidence Survey

An informal and entirely unscientific line in the sand

* Required

Some background

This survey invites you to consider your levels of confidence with this research. It will help us understand how to better prepare for the workshop and gain information as to whether it has been helpful.

We will invite you to repeat the survey at the end of the workshop and ask whether you might be willing to revisit it in a few months time.

You may want to make a note or save a copy for your own benefit.

Do you feel the workshop increased your level of confidence with:
