

Designing Homes for Healthy Cognitive Ageing (DesHCA) Project - Passive Home Environment Sensing

Home Information Form

GUEP Approval Number 2098

Participant number:

If you have agreed to participate in this research, the following questions will help the researchers to prepare before visiting your home to install the research equipment:

- Please list the rooms in your home:

- Is your home single storey or two/three storey?

What height, approximately, are your ceilings?

- Do you have a plan of your home you could share

(if not, we can draw one later)

- What is the address of your home?

- Your contact telephone number?

- Do you have a home Wi-Fi internet connection?

 Yes / No

- If so, please provide Wi-Fi network name?

(please do not record password here)

Notes:
