An evolving online resource that details the emerging headlines and findings of the project that address the overarching question: how do we create anti-ableist universities?

Priority Area 1: Anti-ableist Environments

1. Evidence of successful inclusive job creation and recruitment practices
2. Case studies of innovative and inclusive employment practices.

Priority Area 2: Anti-ableist Developments

3. A set of Guidelines for hosting anti-ableist and inclusive hybrid research events.
4. A new Inclusive Research Methods course for all researchers in TUOS.

Priority Area 3: Collaborative Inquiry

5. **Funding of a number of research projects delivered in collaboration with disabled people's organisations.**
6. **Crippling the Concordat to Support the Career Development of Researchers.**

Cross-cutting themes

7. **An evaluation framework and set of KPIs to document and benchmark progress towards delivering anti-ableist university environments and systems.**

8. **Raising profile and university public engagement.**
